

MasterMover®

Worldwide Electric Tug Solutions

What could we move for you?

Benefits For The Brick And Ceramic Sector

- Move multiple carts at once saving time
- Dramatic reduction in manual handling
- Safe movement of loads through congested production environments
- Reduce downtime by enabling any trained operator to move a load – no more waiting for forklift or overhead crane availability!
- Control and manoeuvrability enables you to move heavy and awkward loads more safely using less man power

Electric Pushers | Brick And Ceramic Industry

MasterMover provides heavy load moving solutions for all companies involved with the Brick and Ceramic manufacturing industry. The powerful MasterTug range provides solutions for moving carts weighing anything from 3,000 kg to 100,000 kg through the manufacturing process. Our electric pusher units provide exceptional control over heavy loads and reduce manual handling while increasing productivity.

- Vesuvius
- Hanson Building Products
- Wedgwood
- Bovingdon Brickworks Ltd
