## Why choose rentals

Whatever your needs may be, you can hire a MasterMover machine with ease, at a price and duration to suit your business. Let our experienced staff advise you on what equipment will best meet your manual handling requirements.

### Benefits of Renting your MasterMover

- No capital outlay - rather than tying up cash in a depreciating asset, renting your MasterMover allows you to conserve your working capital and put it to use in other more profitable ways
- Peace of mind - with our fixed monthly cost. Monthly payments are fixed for the life of the contract
- Low maintenance costs - you will only pay for damage (and consumables if no consumables pack is selected)
- Highly Tax Efficient - with hire you can offset 100% of rentals against taxable profits. This will improve your company's liquidity ratio, gearing and return on capital
- Simplify asset disposal – just return the equipment to MasterMover at the end of your contract
- 1 – 60 month hire agreements available – flexible and fixed to meet your needs
- Maintenance included - however long your rental contract is you always get support from our expert team of trained technicians. Just pick the level of service contract that is right for your business
- Value added consumables and training packages available.

## Long term hire – what are the benefits for you?

- No hidden costs - under this type of agreement you can fix all equipment usage and servicing costs for your business
- Expand immediately - take advantage of opportunities now, with low monthly payments instead of waiting until capital is accumulated
- For peace-of-mind MasterMover offers a maintenance plan that is included with your Hire agreement for a fixed monthly fee – you just pick the level that is right for you
- Add in a consumables pack for total cost control.

## Long term hire – what are the benefits for you?

MasterMover Contract Hire is a fixed term operating lease. You simply make an initial payment followed by fixed monthly rentals for the duration of the agreement.

- 1 Select the MasterMover machine you want
- 2 Choose the hire period that's right for you and your business (between 36 and 60 months)
- 3 Choose your maintenance option
- 4 Choose your consumables pack
- 5 MasterMover will then be able to calculate your initial payment and fixed monthly rental
- 6 At the end of the agreement, simply return the machine to us, take out a new MasterMover hire agreement and benefit from using the latest model.

## Flexi hire

We recognise that every customer is unique with individual requirements and there is no one size fits all solution. With this in mind, we have developed a highly flexible service that is tailored to your needs. If you need to hire a MasterMover, we are here to make the process quick, simple and hassle free.

### Benefits:

- Our flexible hire allows you to increase or decrease the length of your lease at any time, with only a 4 week minimum commitment
- All machines leave our factory to the same standard as a brand new machine. All equipment you hire from us is backed up by our full service and maintenance support. Our expert technicians regularly check every piece of equipment ensuring that your machine is safe, reliable and compliant with the latest legislation

## Flexi hire

For sudden changes in demand, or to replace a machine that is off the road, or needed elsewhere, we can arrange the speedy delivery of a hire machine.

### Benefits:

- We know our customers are busy so we offer a delivery service for machines throughout the UK

There can be many reasons why this fast and flexible arrangement can be suitable.

- Do you need a machine for a month or two while waiting for your new MasterMover to arrive?
- Are you experiencing a sudden spike in production?
- Supplementing a larger fleet

## Options

We offer a range of valued added services to ensure that, as well as the most comprehensive and up-to-date range of equipment in the industry, you get peace of mind, security, and access to the latest technology to help you manage your equipment rental.

### Consumables Packs

Range of options for 1-5 year hire

Add in as many battery packs and wheel changes as you like. All packs can be tailored to suit your business.

- Consumables Pack 1 = 1 x battery, 1 x drive wheel, 1 x castor wheel
- Consumables Pack 2 = 2 x batteries, 1 x drive wheel, 1 x castor wheel
- Consumables Pack 3 = 2 x batteries, 2 x drive wheels, 2 x castor wheels

MasterMover can source other manufacturer equipment. Please speak to your Salesperson for details.

## Training

Health and Safety training has to be one of the most important challenges facing businesses today. Government legislation makes safe working practice crucial.

At MasterMover we believe regular training ensures you will get the most out of your MasterMover equipment and also ensures they are operated and maintained efficiently and safely. Experiences and informed people are a key asset.

As technology advances so must the competence levels of operators and service personnel, some may even need to learn new skills. We therefore offer both new operator and refresher training.
