Australia Electric Tug Solutions

What could we move for you?

## How MasterMover machines benefit manufacturers of articulated lorry trailers:

- Safely allows a single pedestrian operator to move up to 20,000 kg
- Reduces downtime by enabling any trained operator to move heavy and awkward loads
- Improves the working environment by reducing fumes and noise
- Increases efficiency through the implementation of staged production processes
- Safe movement of loads through congested areas

## Material handling excellence for manufacturers of articulated lorry trailers

Improve safety, enhance the working environment, enable staged production processes

- Dennis Eagle
- Cartwrights
- Boalloy Industry
- Johnston Sweepers
- Linde Heavy Truck
