

MasterMover®

Aerospace MRO Material Handling Solutions

Faster turnarounds. Streamlined processes.
Optimal efficiency.

Your MRO equipment moving partners

Engineered by industry experts, trusted by industry leaders.

Our electric tuggers and tows make it easy to move complex, high-value loads with total control and precision, tackling everything from:

- Aero engines & engine transport stands
- Towing aircraft into hangars
- Maintenance and repair staging & mobile work platforms
- Landing systems & ground support equipment (GSE)
- Tripod jacks
- Component carts
- Airframe & engine tooling

MasterMover®

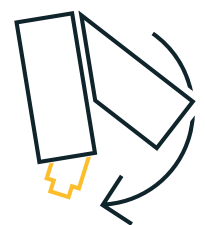

Moving your MRO operations forward

Rapid turnarounds

With no operator license required, move critical MRO equipment when you need it.

Pinpoint precision

The controlled movement of sensitive equipment at your fingertips.

Heavy-duty power

Move loads up to 154,000 lbs. and beyond.

Simple, safe, secure

Versatile coupling options for a range of GSE and maintenance equipment.

MasterMover

Tailored solutions for every MRO challenge

SmartMover

Weight capacity: Up to 4,400 lbs.

Small but mighty. Ideal for smaller components and tight spaces.

MasterTug

Weight capacity: Up to 44,000 lbs.

Versatile power. Perfect for moving tooling and mobile work platforms.

MasterTow

Weight capacity: Up to 44,000 lbs.

Heavy-duty towing for aero engines and GSE.

PowerSteered

Weight capacity: Up to 154,000 lbs.

Maximum maneuverability for high-value, complex loads.

Trusted by industry leaders

Leading industry brands are using our electric tuggers to boost productivity and take their MRO operations to the next level, swapping traditional handling equipment with internal combustion engines (ICE) for more flexible and sustainable electric solutions.

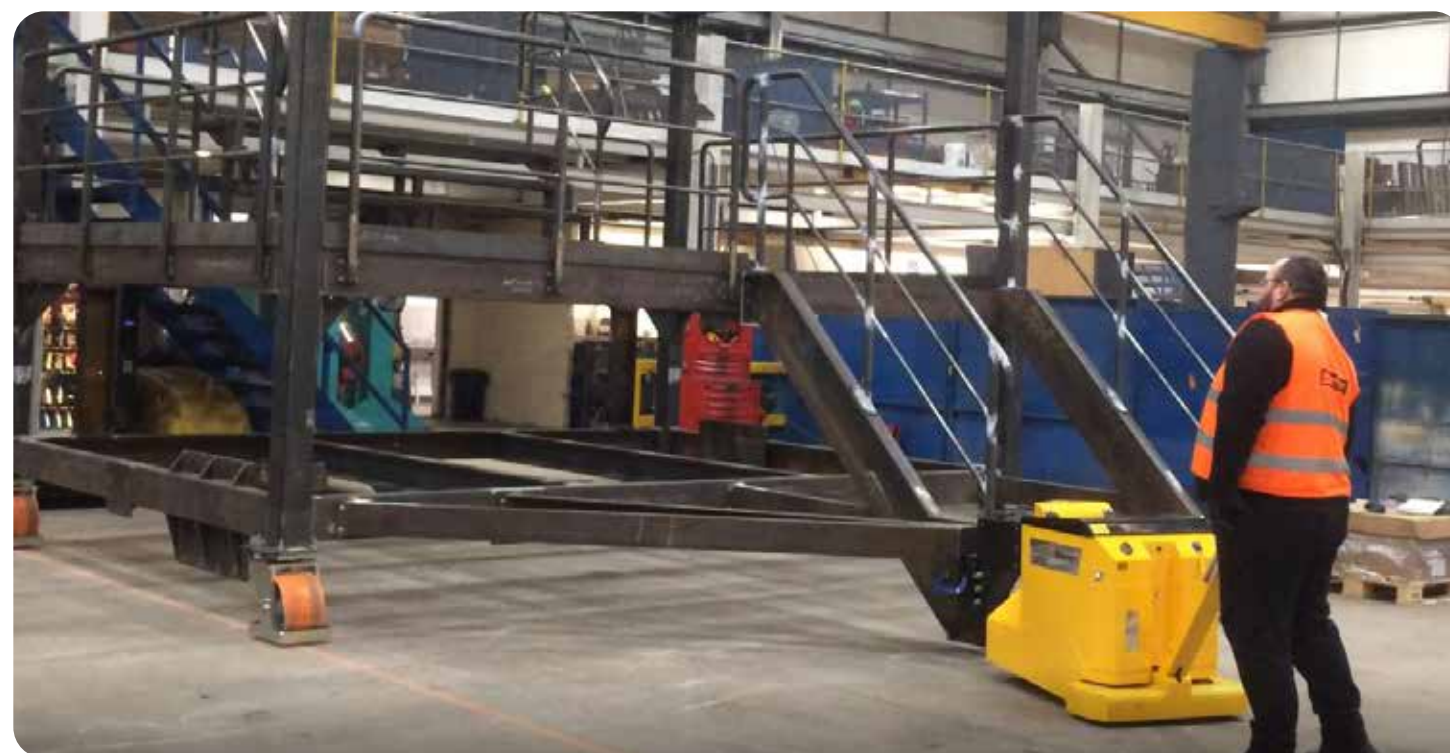

Who we work with...

The Airbus logo, consisting of the word "AIRBUS" in a bold, blue, sans-serif font.The Boeing logo, featuring a stylized blue "B" with a wing-like shape and the word "BOEING" in a blue, sans-serif font.The Lufthansa logo, featuring a stylized crane in flight inside a circle, followed by the word "Lufthansa" in a blue, sans-serif font.The Pratt & Whitney logo, featuring a stylized sunburst icon to the left of the text "Pratt & Whitney" in a blue, sans-serif font, with "A United Technologies Company" in smaller text below.The Safran logo, featuring a stylized blue "S" icon to the left of the word "SAFRAN" in a blue, sans-serif font, with "AEROSPACE · DEFENCE · SECURITY" in smaller text below.

“MasterMover always attend site on-time for any maintenance or issues and are always very helpful. Everyone I’ve dealt with at MasterMover has been very knowledgeable.”

David Uden-Corrick
Test Cell Team Leader, Rolls-Royce
