

# MasterMover®

New Zealand Electric Tug Solutions

What could we move for you?

## Benefits For The Brick And Ceramic Sector

- Multiple Cart movements saving time
- Dramatic reduction in manual handling
- Safe movement of loads through congested production environments
- Reduce downtime by enabling any trained operator to move a load – no more waiting for forklift or overhead crane availability!
- Control and manoeuvrability enables you to move heavy and awkward loads more safely using less man power

## Electric Pushers | Brick And Ceramic

MasterMover provides heavy load moving solutions for all companies involved with the Brick and Ceramic manufacturing industry. The powerful MasterPusher range provides solutions for moving Carts from 3000 to 100,000kgs through the manufacturing process. The Pedestrian units provide exceptional control over heavy loads and reduce manual handling while increasing productivity. The applications listed below display a small selection of solutions proved to this industry.

- Vesuvius
- Hanson Building Products
- Wedgwood
- Bovingdon Brickworks Ltd
