Electric Tugger Solutions

What could we move for you?

Benefits For The Plastic And Metal Sector

- Dramatic reduction in manual handling
- Safe movement of loads through congested production environments
- Reduce downtime by enabling any trained operator to move a load
- Reduce capital expenditure by using fewer fork lift trucks and less damage
- Small footprint machines enable better use of production area
- Control and manoeuvrability enables you to move heavy and awkward loads more safely using less man power

Plastic And Metal Extrusion

Whether you are moving hoppers to the production line or stillages of finished product, the MasterTug range provides serious efficiency and safety benefits. The compact units work well in congested areas and provides exceptional control over heavy loads.

- Eurocell
- Wavin Plastics
- Duraflex
- Basell Polyolefine
