

MasterMover®

Worldwide Electric Tug Solutions

What could we move for you?

Benefits For Manufacturing & Assembly

- Dramatic reduction in manual handling
- Enable delivery of components and materials 'just in time'
- Safe movement of loads through congested production environments
- Increased efficiency through semi automating assembly lines
- Reduce downtime by enabling any trained operator to move a load – no more waiting for forklift or overhead crane availability!
- Reduce capital expenditure by using fewer forklifts
- Small footprint machines enable better use of production and warehouse space.
- Control and manoeuvrability enables you to move heavy and awkward loads more safely using less man power

We provide leaner, quicker and cost-saving material handling solutions for manufacturing and assembly

Create fit-for-the-future production lines, cut downtime, improve safety

- Airbus
- Bentley Motors
- Terex
- Elliott Modular
- Smurfit Kappa
- Bombardier
- JCB
- Prysmian Cables
- Dennis Eagle
- Alstom

What's Being Moved?

Machine: AT300 TOW
Business Type: Automotive and Commercial vehicles

Machine: ATP400
Business Type: Construction and Mining Equipment
Client: Sandvik

Machine: MT1200+
Business Type: Automotive and Commercial vehicles
