

Benefits For Manufacturers

- Increased efficiency through semi automating assembly lines
- Reduce downtime by enabling any trained operator to move a load – no more waiting for forklift or overhead crane availability
- Small footprint machines enable better use of production and warehouse space.
- Safe movement of loads through congested production environments
- Reduce capital expenditure by using fewer forklifts
- Control and manoeuvrability enables you to move heavy and awkward loads more safely using less man power

We're helping manufacturers of engines, pumps and generators to benefit from leaner, less expensive assembly lines

Create more efficient production processes, reduce wasted time and improve control

- Perkins Engines
- Svendborg Hydraulik
- Heller Machine tools
- Mann & Hummel
- Cummins Engine
- FMC Technologies

What's Being Moved?

Machine: MT300+
Business Type: Engine, Pump and Generator

Machine: MT1500+
Business Type: Engine, Pump and Generator

Machine: MT600+
Business Type: Engine, Pump and Generator
